

NEWPORT BEDROOM

NEWPORT BEDROOM COLLECTION

The Newport Bedroom Collection contains selected features of the shaker style for inspiration of the design for this collection. There are two distinct bed designs in this collection: the inset panel bed and the picket style bed, both with a pronounced arch feature on the footboard. Both beds are designed for use with mattress and box springs and include hardwood side rails and wood slats. The case collection includes a variety of dressers all featuring dovetail custom fitted inset drawers, a wood under-mount glide, a matching arch to the bed and a solid waterfall top.
